

## Dog Walking with Care Personal Registration Record

**Dog Name:**

Dog Walking with Care is proud to provide a home from home service with a safe and stimulating social place for your dog. To ensure the health, safety and wellbeing of all our guests, this **Registration Form** must be completed for each individual dog and brought to your **Meet & Greet** along with vaccination and Kennel Cough proof.

This form is a vital part of the acceptance procedure, and it must be completed truthfully, with all the requested details. If your dog is not accepted a full explanation will be given verbally and in writing at your request. Such a decision will only be made in the best interests of your dog or those belonging to others.

The **Check In Record** contains essential care information that may change from stay to stay. Please remember I am unable to accept your dog at check in without the completed **Check In Record**. Available as a download [www.dogwalkingwithcare.com](http://www.dogwalkingwithcare.com)

Registration is renewed annually (January) for regular dogs. For returning dog guests a new registration will be required to ensure all details are up to date.

All data is securely stored and will not be shared unless required by Law. As a Registered and Licenced Home Boarder I must retain this information for at least three years. After such time I will securely dispose and delete your information.

### Declaration

**I certify that all information provided about my dog within this registration form, is complete, true, and correct. Should any factors relating to my dog's health, behaviour and well-being change at any time I agree to inform Dog Walking with Care immediately. Any verbal update I provide will be confirmed in writing. I understand any changes may inform withdrawal of services.**

<b>Use of Crates</b> <ul style="list-style-type: none"> <li>Dog Walking with Care adhere to the guidelines of the RSPCA and Animal Welfare (2018) Regulations. Please request to see RSPCA welfare guide fact sheet. I believe dogs must have the ability to freely move about their home environment for socialisation, exercise and stimulation and do not approve of crates as a form of punishment, or continual housing. The RSPCA and many other dog experts believe that a crate is a secure and safe temporary place to be away from other dogs, visitors or when isolation is required</li> </ul>
