I am looking forward to your dog staying with me at our home. This record must be completed to meet the Animal Welfare Act (2018) licencing for Home Boarding and adhere to insurance requirements.

The **Check In Record** contains essential care information that may change from stay to stay. I will be able to use it to ensure that information is up to date, everything is returned to you and care routines reflect your wishes.

Please remember I am unable to accept your dog at check in without the completed **Check In Record** with vaccination and Kennel Cough proof for each individual dog. Available as a download [www.dogwalkingwithcare.com](http://www.dogwalkingwithcare.com)

Unfortunately, I am unable to board your dog if they are unwell or considered to be contagious
